NOTES:

* Tiger Connect must be completed in the beginning of a freshman's first semester of enrollment at ECU.

**Waiver Policy for ENG 1113: Students pursuing a bachelor's degree are required to complete six credit hours of English composition. New, incoming freshmen at ECU will always be required to complete ENG 1113 prior to either ENG 1213 or HNRS 2313. In the event a student transfers to ECU having previously completed a course deemed equivalent to either ENG 1213 or HNRS 2313, but without having completed a course equivalent to ENG 1113, the requirement of completing ENG 1113 may be waived with approval of the College Dean for the student's major program of study.

***College Algebra or Introduction to Probability and statistics should not be selected unless required by your major. Mathematics courses numbered 1413 or higher, other than "teachers" or "methods" courses, will meet the general education requirement in mathematics.
