2026-2027

Certificate in Banking and Finance
(21 Credit Hours)

The Certificate in Banking and Finance provides students with a solid foundation in financial principles, banking operations, and economic analysis. Coursework includes financial accounting, statistics, financial management, and the fundamentals of banking and finance. Elective options allow students to tailor the certificate to their interests in areas such as risk management, real estate, marketing, or information systems. This certificate complements a variety of majors and prepares students for careers in banking, financial services, and related industries. *(Curriculum updated: AY 2025-26)*
